

Omega Breeder Lic

Omega Breeder Lic is a self-fed, low moisture lick tub designed for breeding bulls and females in preparation of the breeding season. It is recommended to introduce to breeding females 45-60 days prior to the breeding season to aid in reproduction success. This product is a high energy tub that provides all-natural protein sources, bioavailable trace minerals, and is vitamin fortified. This tub is weather resistant and is available in a biodegradable tub.

FEATURES:

- **Bioavailable Trace Minerals** - support immune response and hoof integrity.
- **Omega 3 Fatty Acids** - provide an anti-inflammatory response which can improve the fertility of bulls, heifers and cows.
- **All-natural protein sources** - no animal by-products or urea, which is ideal for breeding bulls and females in preparation of the breeding season.
- **Stealth5 Yeast Extracts** - improve fiber utilization, consistent feed intakes, and gut health.
- **Yucca Extracts** - for feed intake stability and improved protein utilization
- **Balanced Degradable Protein Sources** - provides high-quality digestible protein and readily available nitrogen for rumen microbes.
- **Amaferm®** - a precision prebiotic containing *Aspergillus oryzae* to maximize fiber digestion and improve gut health.

BENEFITS:

- **Palatability** - uniform consumption of nutrients necessary at times of stress.
- **Bio-secure** - single use tubs to ensure biosecurity.
- **Performance** - consistent intakes, better health, improved breeding.
- **Economical** - cost effective per pound consumed daily.
- **Weather resistant** - a quality, low-moisture tub that will maintain integrity in all weather conditions providing consistent nutrition from top to the bottom.

FEEDING DIRECTIONS:

This product is designed for self-feeding for beef cattle on pasture. Feed at the rate of one (1) tub for every 25 to 35 head. Place tubs in dry areas near loafing, salt, and water supply. This product should be fed at the rate of 0.75 to 1.25 lb per head daily. Provide fresh, clean water at all times.

Control Number: 35276-729 250 lb. tub
***Biodegradable tub:** 35277-729 225 lb. tub
No Se tub: 35269-729 250 lb. tub
***No Se biodegradable:** 35270-729 225 lb. tub
**Minimum order required*

NUTRIENT ANALYSIS

Crude Protein, min	18.00%
Crude Fat, min.....	10.00%
Crude Fiber, max	3.00%
Calcium (Ca), min	1.50%
Calcium (Ca), max	2.00%
Phosphorus (P), min	1.00%
Salt (NaCl), max	None Added
Potassium (K), min.....	2.70%
Magnesium (Mg), min	2.00%
Copper (Cu), min	250 ppm
Selenium (Se), min	6.0 ppm
Zinc (Zn), min.....	950 ppm
Vitamin A, min.....	45,000 I.Units/lb
Vitamin D ₃ , min	6,000 I. Units/lb
Vitamin E, min	100 I. Units/lb.

INGREDIENTS

Beet Molasses Products, Plant Protein Products, Ground Whole Flaxseed, Monocalcium Phosphate, Magnesium Oxide, Calcium Carbonate, Vegetable Oil, Yeast Extract, Yeast Culture, Hydrolyzed Yeast, Dried *Aspergillus oryzae* Fermentation Product, Manganese Amino Acid Complex, Zinc Sulfate, Manganese Sulfate, Zinc Amino Acid Complex, Copper Sulfate, dl-a-Tocopheryl Acetate (source of Vitamin E), Processed Grain By-Products, Yucca *Schidigera* Extract, Zinc Hydroxychloride, Hydrated Sodium Calcium Aluminosilicate, Cobalt Glucoheptonate, Vitamin A Acetate, Copper Amino Acid Complex, Sodium Aluminosilicate, Sodium Selenite, Calcium Silicate, Calcium Iodate, Niacinamide, Copper Chloride, Ethylenediamine Dihydroiodide, Cobalt Carbonate, d-Calcium Pantothenate, Riboflavin, Vitamin D₃ Supplement, Vitamin B₁₂ Supplement, Pyridoxine Hydrochloride, Thiamine Mononitrate, Ethoxyquin (a preservative), Folic Acid and Biotin.

CAUTION: Follow label directions. The addition to feed of higher levels of this premix containing selenium is not permitted.

CAUTION: This product contains added levels of copper. DO NOT FEED TO SHEEP.

This product was made in a feed manufacturing facility that does not handle or store products containing animal proteins prohibited in ruminant feed.
